

Freelance Garment Measurer

Small Shop is seeking freelance, in-person help with measuring garments. Work will be in-person at 5112 N Ravenswood Ave in Chicago. Scheduling flexibility with a high level of availability is preferred, due to the sample arrival schedule.

About Small Shop:

At Small Shop, we are passionate about facilitating the crafted goods and apparel life cycle with brands, designers, and makers in India who all value healthy long-term business relationships. We take a holistic approach to realizing the full potential of our client's brand by leveraging our industry expertise from early-stage development through re-order as an extension of a company's own in-house team.

Our clients and partners benefit from our commitment to the centrality of collaboration and equity in nurturing healthy business relationships to ensure long-term mutual growth.

Responsibilities:

- Measure sample garments, record measurements, and enter measurements into the computer.
- Photograph and upload sample images into the computer.

Requirements:

- Must be comfortable accurately measuring garments and other products in both metric and imperial units.
- Availability for short-notice shifts to be scheduled around shipment arrivals is preferred.
- Keen eye for detail.
- Must provide their own cell phone camera for photographing products.

Physical requirements include the ability to move around the office, visually observe details, handle materials, and use a computer.

Hourly Rate: Starting at \$18/hour

To apply: Please email synette@smallshopllc.com and taylor@smallshopllc.com with your resume.
